Dear Sirs/Madam,

Recommendation Letter

We would like to commend City Professional Management Limited for their service in managing our building since June 2018.

The management team has made great efforts in daily management of the building. Their professional services in both building security and maintenance are highly satisfactory.

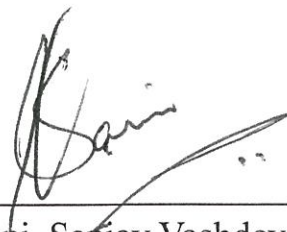

We greatly appreciate the support from the head office of the Company as well as the enthusiasm and commitment among their staff members.

We have no hesitation in recommending City Professional Management Limited to other owners incorporations.

Yours faithfully,

For and on behalf of
